

AUTUMN WOOD at Hunter's Field

Homeowners Association

Architectural Review Committee Standard YARD LIGHTS

Adopted: July 3, 2006

Low-voltage (12 or 24-volts) wired, solar, or other hand-removable yard lights

No approval from the Architectural Review Committee (ARC) is required.

Permanently installed (cemented) yard lights or lamp poles

ARC approval required. To obtain approval to install permanent yard lights, submit a Residence Improvement Application (RIA) to the Board of Directors thirty (30) days in advance of your desired installation date.

Neighbors' signatures are required.
